

ELIMINATE
THE NEED FOR
KEYS

CONCIERGE 400

EASY TO INSTALL | EASY TO PROGRAM | EASY TO USE | REINFORCED SECURITY

Go ahead, forget your keys. Upgrade to a more convenient keyless entry deadbolt with Taymor's Concierge 400 — easy to install, easy to program and easy to use. Enter your home with a few simple taps on an illuminated keypad and lock it with just one. The fingerprint resistant touchscreen and optional code scrambling function ensure your finger wear pattern remains undetectable. Gain control over who has access to your home with single entry codes for cleaners, service personnel or guests. Concierge 400 is ideal for front doors, side & back doors or garage entry doors. Eliminate the need for keys and replace your existing deadbolt today.
